Grave Reference/ Panel Number:	C. 2.
Location:	The cemetery is located to the North East of the town of Ieper. From the station turn left and drive along M.Fochlaan to the roundabout, turn right and go to the next roundabout. Here turn left into M.Haiglaan and drive to the next roundabout. Here turn right into Oude Veurnestraat, this then changes into Diksmuidseweg and Brugseweg. Drive along this road and continue straight over the traffic lights to the end of the road. At the T junction turn left (still Brugseweg) and continue along this road the N313 to the village of Sint Jan. At the crossroads in the village turn right onto the N345, Potijzestraat, follow this road and the cemetery is approx 400 metres along on the right hand side.
Historical Information:	Potijze was within the British lines during practically the whole of the War. The Chateau contained an Advanced Dressing Station; but it was subject to incessant shell fire and very little of it remains. Potijze Burial Ground Cemetery was used from April, 1915, to October, 1918. There are now nearly 600, 1914-18 war casualties commemorated in this site. Of these, over 20 are unidentified. The cemetery covers an area of 4,400 square metres and is enclosed by a brick wall.
