**Historical Information:**

St. Pol-sur-Ternoise was an administrative centre during the whole of the war, taken over by British troops from the French in March, 1916; and No. 12 Stationary Hospital was posted on the race-course near the town from the 1st June, 1916, to 1st June, 1919. The Extension was made alongside the "Cimetiere Thuillier" (which is more than 500 years old) by the French Tenth Army, and in March, 1916-April, 1918, the British Plot was added in the South-West quarter. There are now over 200, 1914-18 war casualties commemorated in this site. The British Plot covers an area of 1,111 square metres.
